I Can Follow Directions
My teachers want me to follow directions.
Following directions helps me learn.
Following directions helps me stay safe.
Following directions helps me have fun with friends.
When a teacher has a direction, I need to stop, look, and listen.
First, I stop what I'm doing.
Then, I look at the teacher.
Last, I listen to the teacher.
I say, "Okay," and I follow directions.
I do not yell or argue.
